

ME Construction Ltd

4 — 14 BARMESTON ROAD

Contract Details

- Value:** £1.5m
- Architect:** Duggan Morris Architects Ltd
- Structural Engineer:** Paul Owen Associates
- Services Engineer:** Banyards Consulting

New build extension to an existing building to include commercial and residential units. The work comprised demolition of parts of the existing structure and construction of an additional floor to create 5 new flats. In addition, two new flats to the front of the property were constructed as well as the external area being landscaped.

The building has been designed to achieve the Code for Suitable Homes Level 3 and will include a sedum roof, larch cladding and steel frame extension with a metsec infill.
